

Political Life - Journal for Policy Analysis has been published since 2011. The publisher is the University of Belgrade - Faculty of Political Science, Center for Democracy. The journal focuses on the analysis of institutions and political structures (polity); analysis of political actors, processes and areas of action (politics); and analysis of the results of politics (political content in the form of public policies). In addition to political science, the journal covers a wider range of topics and problems in the field of social sciences. In the recent evaluation, the Ministry of Education, Science and Technological Development of the Republic of Serbia, according to the Rulebook on Categorization and ranking of scientific journals, promoted *Political Life* to the category of leading journals of national significance (M51). All scientific papers published from the beginning of 2022 will be valued according to the new rank (until the new ranking).
